MEMORANDUM FOR THE RECORD

**SUBJECT: General Briefing of Members of House
Appropriations Committee**

Today I discussed with the Director the proposal of Representative John O. Marsh and Burt Talcott that they bring several colleagues from the House Appropriations Committee to the Agency for breakfast and a general briefing. I explained to the Director that I had told Marsh that for protocol and jurisdictional reasons this would have to have the approval of Chairman Mahon. The Director said if the Chairman approved he will be glad to cooperate.
